Contents

VOLUME 8, NUMBER 1, MARCH 1983

VIEWPOINT 1

S. A. SHEPHERD: The epifauna of megaripples: species' adaptations and population responses to disturbance 3

J. N. MATTHIESSEN and L. HAYLES: Seasonal changes in characteristics of cattle dung as a resource for an insect in southwestern Australia 9

M. D. LOWMAN and J. R. BOX: Variation in leaf toughness and phenolic content among five species of Australian rain forest trees 17

J. LANDSBERG and F. R. WYLIE: Water stress, leaf nutrients and defoliation: a model of dieback of rural eucalypts 27

R. H. LOYN, P. C. FAGG, J. E. PIGGIN, A. G. MORTON and K. G. TOLHURST: Changes in the composition of understorey vegetation after harvesting eucalypts for sawlogs and pulpwood in East Gippsland 43

J. M. B. SMITH and I. J. GUYER: Rainforest – eucalypt forest interactions and the relevance of the biological nomad concept 55

J. M. BROWN and A. J. M. HOPKINS: The kwongan (sclerophyllous shrublands) of Tutanning Nature Reserve, Western Australia 63

ROBERT DEGABRIELE: Short note — Nitrogen and the koala (*Phascolarctos cinereus*): some indirect evidence 75

R. C. BUCKLEY: Short note — The role of soil mobility in controlling a vegetation gradient 77

THESIS ABSTRACTS 81

VOLUME 8, NUMBER 2, JUNE 1983

A. H. ARTHINGTON, D. A. MILTON and R. J. MCKAY: Effects of urban development and habitat alteration on the distribution and abundance of native and exotic freshwater fish in the Brisbane Region, Queensland 87

B. G. COLLINS and P. BRIFFA: Seasonal and diurnal variations in the energetics and foraging activities of the brown honeyeater, *Lichmera indistincta* 103

B. R. HUTSON and L. G. VEITCH: Mean annual population density of Collembola and Acari in the soil and litter of three indigenous South Australian forests 113

A. N. ANDERSEN: Species diversity and temporal distribution of ants in the semi-arid mallee region of north-western Victoria 127

L. R. FOX and P. A. MORROW: Estimates of damage by herbivorous insects on *Eucalpytus* trees 139

J. READ and R. S. HILL: Rainforest invasion onto Tasmanian old-fields 149

B. RICE and M. WESTOBY: Species richness in vascular vegetation of the West Head, New South Wales 163

M. P. AUSTIN, R. B. CUNNINGHAM and R. B. GOOD: Altitudinal distribution of several eucalypt species in relation to other environmental factors in southern New South Wales 169

R. R. LAMACRAFT, M. H. FRIEDEL and V. H. CHEWINGS: Comparison of distance based density estimates for some arid rangeland vegetation 181

P. E. R. DALE: Scale problem in classification: an application of a stochastic method to evaluate the relative homogeneity of sample units 189

E. C. MORRIS and P. J. MYERSCOUGH: Short note — *Banksia ericifolia* transgresses the self-thinning boundary 199

J. E. KEELEY: Short note — Report of diurnal acid metabolism in two aquatic Australian species of *Isoetes* 203

THESIS ABSTRACTS 205

BOOK REVIEWS 209

VOLUME 8, NUMBER 3, SEPTEMBER 1983

G. H. PYKE: Seasonal pattern of abundance of honeyeaters and their resources in heathland areas near Sydney 217

S. R. MORTON and P. H. DAVIES: Food of the zebra finch (*Poephila guttata*), and an examination of granivory in birds of the Australian arid zone 235

K. L. KING and K. J. HUTCHINSON: The effects of sheep grazing on invertebrate numbers and biomass in unfertilized natural pastures of the New England Tablelands (NSW) 245

H. WILLIAMS and A. M. M. RICHARDSON: Life history responses to larval food shortages in four species of necrophagous flies (Diptera : Calliphoridae) 257

M. H. ANDREW and J. J. MOTT: Annuals with transient seed banks: the population biology of indigenous *Sorghum* species of tropical north-west Australia 265

A. M. O'CONNELL and P. MENAGÉ: Decomposition of litter from three major plant species of jarrah (*Eucalyptus marginata* Donn ex Sm.) forest in relation to site fire history and soil type 277

P. V. WOODS and R. J. RAISON: Decomposition of litter in sub-alpine forests of *Eucalyptus delagatensis*, *E. pauciflora* and *E. dives* 287

P. M. KLOOT: The role of common iceplant (*Mesembryanthemum crystallinum*) in the deterioration of medic pastures 301

A. CLEMENTS: Suburban development and resultant changes in the vegetation of the bushland of the northern Sydney region 307

G. L. ELLIOTT, R. D. LANG and B. L. CAMPBELL: The association of tree species, landform, soils and erosion on Narrabeen sandstone west of Putty, New South Wales 321

R. C. BUCKLEY: Short note — Successive approximation in pattern analysis 333

BOOK REVIEWS 339

VOLUME 8, NUMBER 4, DECEMBER 1983

A. E. NEWSOME, L. K. CORBETT and P. C. CATLING: The feeding ecology of the dingo II. Dietary and numerical relationships with fluctuating prey populations in south-eastern Australia 345

T. D. AULD: Seed predation in native legumes of south-eastern Australia 367

R. T. LANGE and C. R. GRAHAM: Rabbits and the failure of regeneration in Australian arid zone *Acacia* 377

J. N. MATTHIESSEN: The seasonal distribution and characteristics of bush fly *Musca vetustissima* Walker populations in south-western Australia 383

C. P. OHMART, L. G. STEWART and J. R. THOMAS: Phytophagous insect communities in the canopies of three *Eucalyptus* forest types in south-eastern Australia 395

G. A. DUFF, J. B. REID and W. D. JACKSON: The occurrence of mixed stands of the *Eucalyptus* subgenera *Monocalyptus* and *Symphyomyrtus* in south-eastern Tasmania 405

G. C. KING and W. S. CHAPMAN: Floristic composition and structure of a rainforest area 25 yr after logging 415

C. R. A. TURNBULL and J. L. MADDEN: Relationship of litterfall to basal area and climatic variables in cool temperate forests of southern Tasmania 425

R. L. SPECHT: Foliage projective covers of overstorey and understorey strata of mature vegetation in Australia 433

A. G. VAN DER VALK and P. M. ATTIWILL: Above-and-below-ground litter decomposition in an Australian salt marsh 441
